

PROGRAM LEADER INTRODUCTION

Chloé Norman

Chloé is an experienced adult educator, having taught photography for seven years and counting.

As well as being the client care coordinator for Box of Crayons, she's a program facilitator and partner in development at Heart of the Matter, a family-run leadership development, coaching, consulting and training organization.

An award-winning visual arts photographer, she received a bachelor's degree in fine arts from York University, where she concentrated in photography. She's now studying adult learning at George Brown College, in Toronto.

Chloé once celebrated her 31st birthday eating crocodile in a restaurant in Kenya—but she was just 16 years old. The servers were certainly confused by the discrepancy between the '31' on the cake and Chloé's obvious youth!
